About Amplifon Hearing Health Care

Amplifon Hearing Health Care offers discounted hearing aids and hearing healthcare services as part of an overall hearing health program. Amplifon's program covers more than 175 million lives through a variety of organizations, including health insurance companies, employers, third-party administrators, and workers' compensation organizations.

Amplifon's expertise lies in implementing hearing programs that focus on product quality, cost control and patient satisfaction. This is done through a nationwide provider network of hearing care locations.

Amplifon partners with leading hearing aid manufacturers, including GN ReSound, Oticon, Miracle-Ear, Phonak, Rexton, Siemens, Sonic Innovations, Starkey, Unitron and Widex. The Amplifon product formulary contains more than 2,000 models of hearing aids.

Amplifon Hearing Health Care is a division of Amplifon SpA, the largest distributor of hearing aids and hearing services in the world.
